PORTFOLIO

<http://www.roxioxx.com/concept-art-portfolio.html>

SUMMARY

Created concept art for over 6 years. 4 years in web UX/UI design in creating art assets and ideas for desktop apps and websites. 1 year of professional experience working at corporations. Solid understanding of design principles.

PUBLICATIONS

“A Long Journey VN” App Game

Creator, UX/UI + Graphics + Concept Art Designer

September 2013 - Present

- Spearheaded storytelling of the game’s world by creating mood boards, color studies, and illustrations
- Created character concept designs in many different types of media ranging from hand sketching, to detailed, digital sprite sheets with programs like Adobe Photoshop and Manga Studio
- Used iterative design process to create more compelling illustrations/UI/UX for a visual novel game series using Flash Professional (Animate) and ActionScript 3.0

“The Legend of Auferre” Website, thelegendofauferre.com

UX Designer, Illustrator

September 2010 - Present

- Engaged visitors to play released games on website with vector graphics, full blown illustrations, promotional art with Adobe Illustrator, Photoshop and InDesign
 - Pushed webpage’s graphics and illustrations with compelling story telling and high quality artwork
 - Inserted custom HTML / CSS / Javascript when necessary for to enhance the presentation of a webpage
-

EXPERIENCE

Epic, Madison, WI USA

UX Designer

July 2015 - May 2016

- Played critical part in creating company’s 2015 Style Guide
- Introduced Lean Design Process to teams that traditionally followed almost no design process in order to reduce wasted development time
- Derived ideas and requirements through discussions with users and understanding their contexts
- Iterated on wireframes, paper prototypes, low and high fidelity mockups for proposed interfaces to get feedback from customers

SUMMARY

4 years in web UX/UI design in creating desktop apps and websites. 1 year of professional experience working at corporations. Solid understanding of design principles.

EXPERIENCE

Epic, Madison, WI USA

UX Designer

July 2015 - May 2016

- Iterated holistically on wireframes, paper prototypes, low and high fidelity mockups for proposed interfaces with developers in order to get feedback from users
- Used working knowledge of HTML / CSS / Javascript to propose feasible and intuitive designs
- Supported first time users of our InPatient software during their first few shifts which led to new ideas on increasing ease of use
- Played critical part in creating company's 2015 Style Guide
- Introduced Lean Design Process to teams that traditionally followed a waterfall, or no design, process in order to reduce wasted development time

General Motors, Warren, MI USA

Advanced UX Concepts Studio Intern

June 2014 - August 2014

- Designed a branding story to fit the experience of a new vehicle
- Based interior sketches off of quick 3D models created with Sculpttris
- Illustrated an extensive storyboard of how customer would interact with product to flesh out the most worthy features
- Developed a future vision Automotive concept for the year 2025 with Autodesk Alias and Photoshop
